Hi Shubham,

Thank you for your email.

Please find attached the current **No PE (No Permanent Establishment) Declaration** for your reference.

At this time, the **TRC** and **Form 10F** are still not available. In the meantime, I have attached the currently approved interim supporting documentation available to us while the final versions remain pending.

Could you please let us know whether your team can proceed with payment based on the attached documents? If there are any specific concerns or additional requirements, please let us know and we will be happy to review them internally.

Thank you for your cooperation, and we look forward to your response.

Hey Wendel

Thank you for sharing the No Permanent Establishment (No PE) Declaration and the interim supporting documentation. However, as part of our tax compliance requirements for cross-border remittances, we require the Tax Residency Certificate (TRC) and Form 10F to evaluate the applicability of treaty benefits and finalise our withholding tax position. In the absence of documentation, we will have to deduct WHT at the highest applicable rate, if that is acceptable to you. Happy to discuss if there are more solutions to this.

Hi Shubham,

Thank you for your email and for the clarification.

We understand your position. If, in the absence of the Tax Residency Certificate (TRC) and Form 10F, you are required to deduct withholding tax in accordance with your local tax regulations, you may proceed accordingly.

We are continuing to follow up internally on the pending TRC and Form 10F and will share them with you as soon as they become available.

Thank you for your understanding, and please let us know if you require anything further from our side.
