The 9-Step Framework

Every MPCA tournament — irrespective of scale, from BCCI Ranji Trophy to a single Vacation Camp for U-14 players — follows the same nine-step lifecycle. What differs is **which steps apply**, **who acts** at each step, and **who approves**. This document is the definitive reference: for every tournament type MPCA runs, it lists all nine steps, the responsible party, the approver, and the money flow.

The source of truth is the `tournament_wiring` singleton in the ERP database — a 9×8 matrix of cells, each carrying eight governance attributes (flag, owner, approver, mode, visibility, blocks-next, SLA and text). This PDF is a human-readable projection of that matrix.

Key legend

MPCA: The state association's office bearers (President / Secretary / Treasurer).

Division: One of MP's 10 cricket divisions (Bhopal, Indore, Jabalpur, Gwalior, Ujjain, Chambal, Sagar, Narmadapuram, Rewa, Shahdol).

District: A district-level unit under a Division (e.g. Indore District, Bhopal District).

Realtime visibility: MPCA sees this tournament and its data as soon as it is created.

On-Submit visibility: MPCA sees this tournament only after the Division submits its final reimbursement claim.

N/A (Optional · Not Used): The step is not required for this tournament type; entered data will not drive any downstream calculation. The step remains fully open in the ERP — nothing is hidden or blocked.

Scheme reference

Scheme 2-A (host) · BCCI's own Guidelines to Staging Associations 2025-26 apply for caps.

Rough edge (honest gap)

BCCI reimbursement is submitted to BCCI externally, not to the MPCA Finance Console. The ERP currently treats it as a normal MPCA-internal claim. Add a bcci_claim sub-type later that prints BCCI's own template instead of the MPCA voucher.

Inter-Divisional Tournament

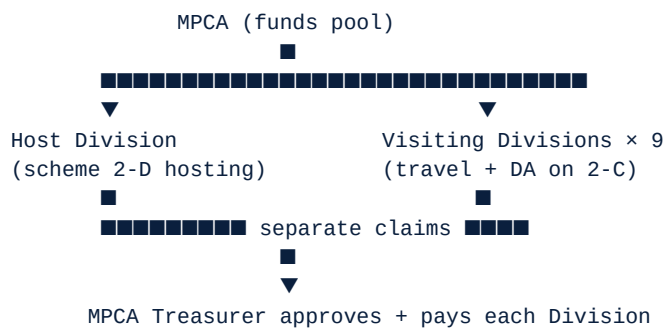

MPCA-run · all 10 Divisions participate

Scheme reference

Scheme 2-D (host) + 2-C (visitors) · Reference: Scheme pp.11-13.

Rough edge (honest gap)

Cap-breach on scheme 2-C isn't auto-split into a 'Division bears the excess' bucket. Add a cap-warning in Finance Console when visitor DA exceeds the 2-C ceiling.

TYPE 3 OF 8 · WIRING KEY · camp

Pre-Tournament Camp

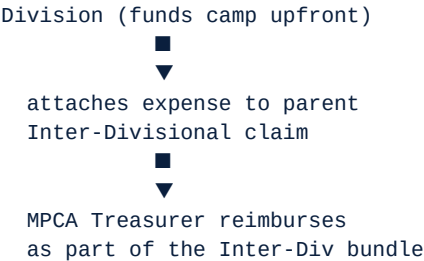

Division-run · auto-linked to a parent Inter-Divisional tournament

Money Flow

Scheme reference

Scheme 3-D (Pre-Tournament Camp rate card).

Rough edge (honest gap)

Pre-Camps live in the camps collection, not tournaments, so they don't appear in the main Tournaments list. Users looking for 'all things happening this month' can miss them. Later, surface Pre-Camps as a chip on the parent Inter-Div tournament header.

TYPE 4 OF 8 · WIRING KEY · district

Inter-District Tournament

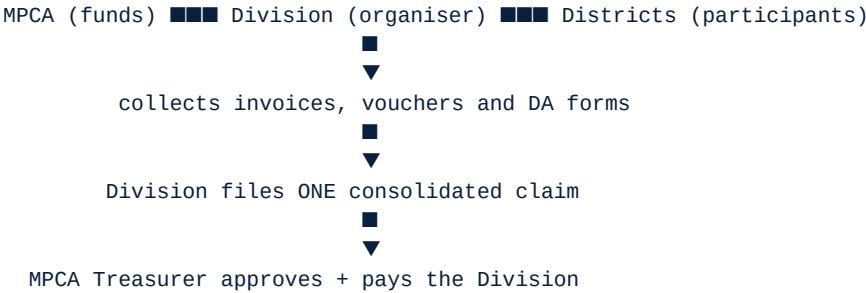

Division-run · allotted to Districts within the Division

Owner	MPCA Visibility	Example

Money Flow

Scheme reference

Scheme 2-B (host) + 2-C (visiting Districts).

Rough edge (honest gap)

Districts have no Player Register in the ERP today. Register-linked squad mode is Division-only. If MPCA later wants District Registers, we'd need a new District Player Register module (~1 sprint).

TYPE 5 OF 8 · WIRING KEY · interschool

Inter-School Tournament

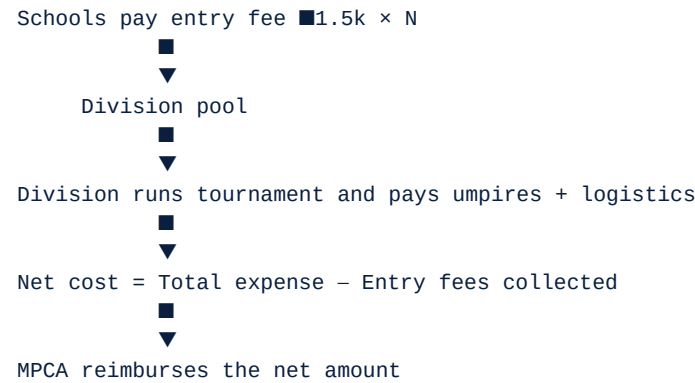

Division-run · allotted to Schools within the Division

Owner	MPCA Visibility	Example
Division	On-Submit	Bhopal District Inter-School Championship (U-19)

The 9 Steps · who acts & who approves

#	Step	Who acts	Approver	What happens
1	Tournament Creation	Division Secretary	None	Division allots to schools in its area.
2	Pool / Basics	N/A	—	Straight knockout format — no pools.
3	Match Official Posting	N/A	—	Schools bring their own umpires; no MPCA / Division officials assigned.
4	Squad	Division Secretary	None	Manual PDF. Division uploads a signed squad PDF listing every player.
5	Squad Approval by MPCAN/A		—	Optional · Not Used. No MPCA approval.
6	Match Calendar	Division (Optional)	None	Division may add fixtures with fully manual school names (Schools add fixtures).
7	Unified Budget	Division Treasurer	None	Auto from (players × scheme 2-A). Entry fee ■1,500 per team collected.
8	Finance Console	Division → MPCA	MPCA Treasurer	Net claim = Total expense minus Entry-fee pool. MPCA reimburses net.

Money Flow

Scheme reference

Scheme 2-A · Reference: Scheme p.7 · Knockout only · 25 overs (till SF), 50 overs (SF+F) · Daily grant ■5k.

Rough edge (honest gap)

Schools aren't first-class entities in the ERP — they're free-text names on the squad PDF. If a School participates over multiple years, cumulative participation or funding can't be tracked. Later, add a lightweight schools collection (name + city + coach contact).

TYPE 6 OF 8 · WIRING KEY · interclub

Inter-Club Tournament

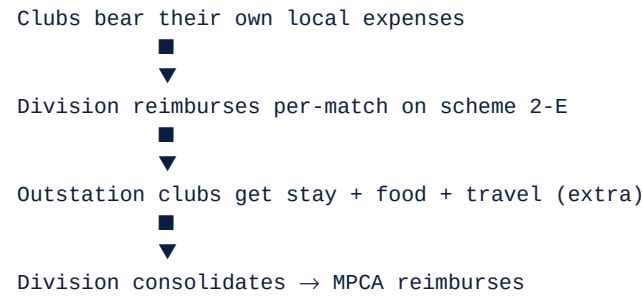

Division-run · allotted to 'A' Grade Clubs

Owner	MPCA Visibility	Example
Division	On-Submit	Holkar Cup · Indore A-Grade Clubs Championship

The 9 Steps · who acts & who approves

#	Step	Who acts	Approver	What happens
1	Tournament Creation	Division Secretary	None	Division allots to A-Grade Clubs registered under it.
2	Pool / Basics	N/A	—	No pools.
3	Match Official Posting	N/A	—	Clubs bring their own umpires; not Division-posted.
4	Squad	Division Secretary	None	Manual PDF. Division uploads a signed squad PDF of every part
5	Squad Approval by MPCAN/A		—	Optional · Not Used.
6	Match Calendar	Division (Optional)	None	Two-day knockout fixtures with manual club-name entry.
7	Unified Budget	Division Treasurer	None	Auto from (players × scheme 2-E). Special rule: only two-day kno
8	Finance Console	Division → MPCA	MPCA Treasurer	Division submits claim. MPCA verifies format was 2-day KO befo
9	MPCA Visibility	Info	—	On final claim submission only.

Money Flow

Scheme reference

Scheme 2-E · Reference: Scheme pp.14-15.

Rough edge (honest gap)

The 'only two-day knockout' rule isn't enforced in code — the Budget compute accepts any format. Add a hard check in Unified Budget compute that returns 422 if format != Multi_Day, or make it a soft warning on Finance Console.

TYPE 7 OF 8 · WIRING KEY · coachingcamp

Periodical Coaching Camp

Division-run · rural / district players who cannot practise at divisional HQ

Owner	MPCA Visibility	Example
Division	On-Submit	Ujjain Rural Coaching Camp (U-16)

The 9 Steps · who acts & who approves

#	Step	Who acts	Approver	What happens
1	Tournament Creation	Division Secretary	None	Division opens the camp for its rural / district players.
2	Pool / Basics	N/A	—	No pools — single camp.
3	Match Official Posting	N/A	—	No matches → no officials.
4	Squad	Division Secretary	None	Manual PDF. Division uploads the signed camp roster (typically 3 days before start).
5	Squad Approval by MPCAN/A		—	Optional · Not Used.
6	Match Calendar	Division (Optional)	None	Division may add practice-match dates for reference.
7	Unified Budget	Division Treasurer	None	Auto from (players × days × scheme 3-A). Division locks.
8	Finance Console	Division → MPCA	MPCA Treasurer	Division submits camp claim.
9	MPCA Visibility	Info	—	On final claim submission only.

Money Flow

Division bears camp cost upfront
(accommodation + food + coaching fees)

Division submits camp claim → MPCA reimburses on 3-A caps

Scheme reference

Scheme 3-A · Reference: Scheme p.16 · Prior MPCA notification is MANDATORY. NOT available for the camp before an Inter-Divisional tournament (that's what Pre-Tournament Camp is for).

Rough edge (honest gap)

The 'prior MPCA notification is mandatory' rule isn't checked by the ERP. Divisions can create a Coaching Camp today and submit its claim without ever notifying MPCA. Add a `notification_date` field on tournament creation for this type; block claim submission if it's blank or after `start_date`.

TYPE 8 OF 8 · WIRING KEY · vacationcamp

Vacation Camp

Division-run · Summer / Winter break camps

Owner	MPCA Visibility	Example
Division	On-Submit	Jabalpur Summer Vacation Camp (U-14)

The 9 Steps · who acts & who approves

#	Step	Who acts	Approver	What happens
1	Tournament Creation	Division Secretary	None	Division opens the vacation camp for its youth players.
2	Pool / Basics	N/A	—	No pools.
3	Match Official Posting	N/A	—	No matches.
4	Squad	Division Secretary	None	Manual PDF. Division uploads signed camp roster (typically 50-60 players).
5	Squad Approval by MPCAN/A		—	Optional · Not Used.
6	Match Calendar	Division (Optional)	None	Division may add exhibition-match fixtures.
7	Unified Budget	Division Treasurer	None	Auto from (players × days × scheme 3-B).
8	Finance Console	Division → MPCA	MPCA Treasurer	Division submits claim. Divisional Secretary must sign the printed undertaking.
9	MPCA Visibility	Info	—	On final claim submission only.

Money Flow

Division bears entire camp cost upfront
(₹0 collected from players)

Division submits claim + no-fee undertaking

MPCA reimburses on 3-B caps

Scheme reference

Scheme 3-B · Reference: Scheme p.17 · Divisional Secretary's undertaking mandatory: 'No amount was charged from any player'.

Rough edge (honest gap)

The no-fee-charged undertaking isn't a mandatory attachment in the ERP. Divisions can submit a Vacation Camp claim without uploading the signed undertaking. Add a mandatory PDF-upload field on the Vacation Camp Finance Console with the auto-generated undertaking template.

Wiring Coverage Recap

72 wiring cells total (8 types × 9 steps).

Only 8 cells are MPCA-owned + Mandatory — concentrated in BCCI + Inter-Divisional.

34 cells are Not Applicable — mostly the Championship-scoped smaller tournaments (School / Club / Camps). Per governance direction, NA cells remain fully clickable in the ERP; the label just tells the user their data won't drive any downstream calculations.

This ratio is the reason the wiring epic is such a **cognitive-load reducer**: office bearers no longer need to memorise which type needs which step. The wiring tells them.
